It is not a requirement to use this form, but if you choose not to use it then a separate neighbourhood forum application should contain similar information.

The Neighbourhood Planning (General) Regulations (8) 2012 sets out the information that must be included within a neighbourhood forum application. The information provided on this form will be published by the City Council. **However, personal information on members within the proposed forum as detailed in Section 6 will not be published.**

5. Statement.

This section provides the opportunity to set out the purpose, aims and ambitions of the neighbourhood forum and to demonstrate how its membership is representative of the local community.

In order for the City Council to designate a neighbourhood forum to act on behalf of a neighbourhood area, it needs to be satisfied that the following conditions contained in Section 61F (5) of Schedule 9 of the Town and Country Planning Act 1990 (as amended by the Localism Act) are met:

- a) *it is established for the express purpose of promoting or improving the social, economic and environmental well-being of an area that consists of or includes the neighbourhood area concerned (whether or not it is also established for the express purpose of promoting the carrying on of trades, professions or other businesses in such an area)*
- b) *membership is open to and includes a minimum of 21 individuals each of whom:*
 - *live in the neighbourhood area;*
 - *work in the neighbourhood area;*
 - *carry out business in the neighbourhood area (for example, represent the area as a local councillor or as a Member of Parliament.*
- c) *it has a written constitution (as detailed in Section 2)*

Please set out the purpose, aims and ambitions of the proposed neighbourhood forum here:

The purpose, aims and ambitions of the Hyde Park Neighbourhood Forum remain the same as when the Forum was initially set up. The key ambitions for the Forum are as follows:

Our ambition is that people, groups, businesses, people living or working in our area and others with an interest in our area will all work together in strong and cohesive way, to:

- Be a strong and cohesive local voice which can effectively represent us and shape the future of our area.
- Ensure that there is a good mix of accommodation types available to people locally including homes for families with children and older local residents, to restore the demographic balance which has affected the area and the community severely over the last twenty years.
- Promote demographic balance in the area (because of the position of the neighbourhood in relation to the city) by developing the neighbourhood as a walk to work zone and renovating accommodation to attract long term residents.
- Recognise and work to reduce the serious nature of noise pollution. This is not a nuisance but a serious disturbance of the peace and must be tackled.
- Produce a strategy for dealing with rubbish in the street which is a serious environmental hazard and health risk.
- Recognise the contribution of local businesses and organisations within the area and enable them to have a voice contributing to the improvement of the area.
- Seek to find ways to improve our built environment including improved maintenance of properties within the area, external aspects, including gardens, as well as internal, through greater regulations of landlords.
- Develop a strategy for buying back existing properties, renovating and restoring them, to be re-sold back to longer term residents, rather than building new ones.
- Develop a strategy to diversify use of current housing stock to meet local needs.
- Retain, restore, protect and extend our green spaces for all members of the community whilst maintaining biodiversity.
- Better promote the unique character and advantages of the area to residents, potential residents and visitors.
- Harness our community and cultural assets and local talents to enhance our existing cultural hub.
- Harness the potential of the Universities in relation to the cultural possibilities of the neighbourhood and also economic innovation and business potential.
- Improve the infrastructure of the area, such as, better facilities for families, sports and leisure facilities, measures to reduce traffic, waste collection, and cycle paths and footpaths through the dense residential areas.
- Better meet the needs of all sections of our community by increasing the range of local facilities and protecting and promoting local employment.

The Hyde Park Neighbourhood Forum was initially set up in 2014 and formally designated as a Neighbourhood Forum on 17th September 2015. Since then, the Forum has worked to consult and engage with residents, businesses and other stakeholders in the Hyde Park area.

Summary of Engagement

- 2012 – 2014: early stages of neighbourhood planning including capacity building within the local area and discussions with community groups and other stakeholders about neighbourhood planning and preparing the neighbourhood area and forum designation applications
- 2015 and 2016 involved us gathering evidence about key issues and options for the area and consultation and engagement events

- 2017 saw the plan-preparation stage where our policy intentions document started to be put together
- In the summer of 2018 the forum undertook informal consultation on our policy intentions

Taking all of the engagement work into consideration, a Policy Intentions Document was prepared with consultancy support and support from members of the neighbourhood planning team at Leeds City Council. An informal round of consultation took place on the policy intentions document took place in Summer 2018. Work to progress the Policy Intentions Document into a Pre-Submission Draft Plan stalled between 2018 and Summer 2020, however through discussions with LCC NP officers and within the Forum, a project plan and series of actions have been agreed to create a pathway for the plan to progress to examination and referendum. The pathway is set out at Appendix 3.

Following discussion with the Headingley Neighbourhood Forum over the boundary of the neighbourhood area, it was jointly agreed that both the Hyde Park Neighbourhood Forum and the Headingley Neighbourhood Forum would concurrently apply to re-designate their respective neighbourhood areas to accommodate the transfer of Little Moor from the Headingley Neighbourhood Area to the Hyde Park Neighbourhood Area. This would have the effect of ensuring that the whole of Woodhouse Moor falls within the Hyde Park Neighbourhood Area. The revised neighbourhood area designations were made on 24th October 2018. This forum application is for the neighbourhood area as designated on that date.

Throughout the 5 year period, the Forum has met regularly to steer the progress of the plan and also to provide space to local residents, businesses, community organisations and others to discuss local issues, collaborate and work on community projects. The re-designation of the forum will help to re-invigorate the group to focus on making timely progress to pre-submission consultation and then on to independent examination and referendum. It is expected that the Forum will continue to provide a voice for local residents and other stakeholders to engage with community issues during this time and after the plan has been made.

The Forum currently has 150+ members representing residents, businesses, community organisations and other stakeholders in the neighbourhood area. Elected Members for the Headingley and Hyde Park Ward and Little London and Woodhouse Ward are also active members of the Forum. Communication mainly takes place via email (particularly since the outbreak of Covid-19). Membership is open to all who live, work or carry out business in the neighbourhood area, and the express purpose of the Forum is to continue working on the neighbourhood plan for the area and to promote the social, economic and environmental well-being of the area.

The Neighbourhood Forum is structured in order to optimise the involvement and commitment of people with a genuine interest in protecting and improving our Area. The Hyde Park Neighbourhood Forum will, therefore, be a 'Relevant Body' for the purposes of section 61G(2)(b) of the Act since, in accordance with the Act, it is 'capable of being designated as a neighbourhood forum (on the assumption that, for this purpose, the specified area is designated as a Neighbourhood Area)'.

Our neighbourhood plan will represent the views of our community to support the sustainable development of our area in line with our ambitions as stated above and in accordance with our constitution. The collaborative relationship that we have established with Leeds City Council will be critical to the success of the plan and of our wider ambitions. It is expected that this positive working relationship will continue.

6. Membership of proposed Neighbourhood Forum.

Please list below the details of the members of the proposed neighbourhood forum. A minimum of 21 members is required, each of whom must live or work in the neighbourhood area or be an elected member of the borough council or county council (whose area falls within the neighbourhood area).
